

Step 1: Create Topic

A simple process for setting up notifications

The screenshot shows the AWS Management Console interface for the Amazon Notification Service. The left sidebar contains the 'Simple Notification Service' menu with options for 'Topics' and 'Subscriptions'. The main content area is titled 'Topics' and 'Create topic'. A 'Create topic' modal dialog is open, featuring two radio buttons for 'FIFO' (selected) and 'Standard'. The 'FIFO' option is described as 'FIFO: Filled announcements for first topic.' The 'Standard' option is described as 'Standard: Amazon's standard subscription.' The dialog includes input fields for 'Name' (containing 'OrderNotifications'), 'Display name' (containing 'Order Alerts'), and 'Description' (containing 'Topic for customer order status'). A 'Cancel' button is at the bottom left of the dialog, and a 'Create topic' button is at the bottom right. The background shows a 'Topics dashboard' with a search bar and a list of topics, including 'OrderNotifications'.

- Define a new SNS Topic to publish messages to.

AWS Notification - Subscription Confirmation Spam x

AWS Notifications <no-reply@sns.amazonaws.com>
 to me

10:59 AM (8 minutes ago)
 

Why is this message in spam? This message is similar to messages that were identified as spam in the past.

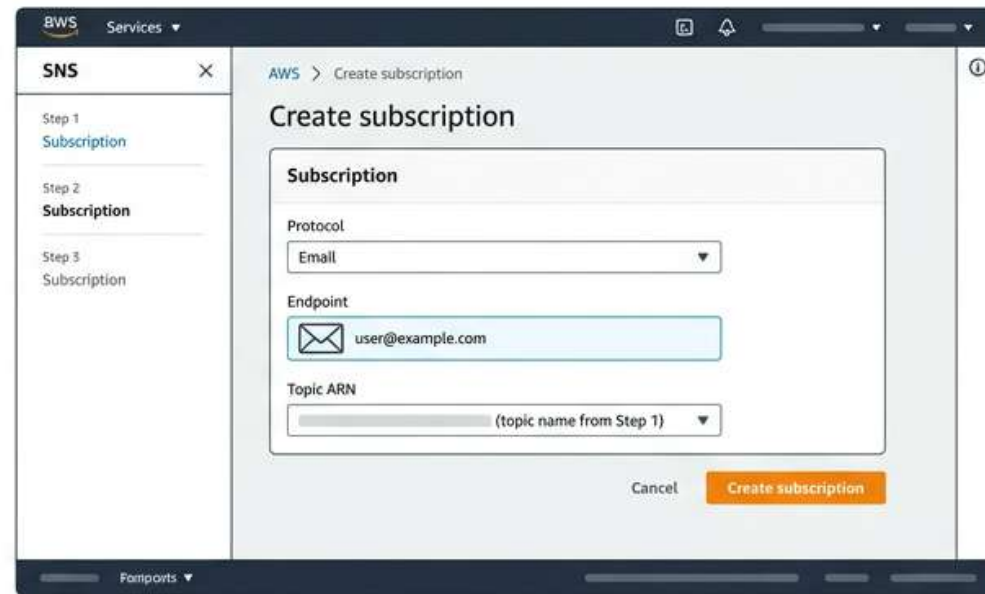

Report not spam

You have chosen to subscribe to the topic:
arn:aws:sns:ap-south-2:783837106263:topic-1-Shiv-Gupta

To confirm this subscription, click or visit the link below (If this was in error no action is necessary):
[Confirm subscription](#)

Please do not reply directly to this email. If you wish to remove yourself from receiving all future SNS subscription confirmation requests please send an email to [sns-opt-out](#)

Step 2: Create Subscription

The screenshot shows the AWS Management Console for the SNS service. The left sidebar indicates the current step is 'Step 2: Subscription'. The main panel is titled 'Create subscription' and contains a form with the following fields:

- Protocol:** A dropdown menu with 'Email' selected.
- Endpoint:** A text input field with an envelope icon and the value 'user@example.com'.
- Topic ARN:** A dropdown menu with the placeholder text '(topic name from Step 1)'.

At the bottom right of the form, there are two buttons: 'Cancel' and 'Create subscription'.

- Subscribe an email endpoint (email address) to the topic.
